

HELP GET BREASTFEEDING SERVICES COVERED BY INSURANCE

Petition to License Florida IBCLCs (International Board Certified Lactation Consultants)

Petition summary and background	Florida mothers and babies deserve to know who is the most qualified to help them with breastfeeding. IBCLCs are recognized by the U.S. Surgeon General's office as the most qualified in the field of lactation. Licensing Florida's IBCLCs saves Florida taxpayers, families, and businesses money by creating new jobs, saving formula costs for families and WIC programs, and employees who breastfeed have less missed days at work due to infant illness. Licensing IBCLCs allows for better access to care for all Florida mothers and babies and ensures they receive accurate and safe breastfeeding advice from professionals who are screened and regulated.
Action petitioned for	We, the undersigned, are concerned citizens who urge our leaders to act now to license Florida's IBCLCs, so that they can help Florida mothers and babies get complete medical coverage for breastfeeding services.
